OVERVIEW

I'm a hard worker and a quick learner. When covid hit I decided to return to school to get a bachelor's in Computer Science. My background in customer service and English makes me an efficient communicator, and my earlier jobs made me a person who does not shy away from difficulty.

EXPERIENCE

BNC Lawn Services 09/2010 - 06/2013 Lawn Worker

- Location: Albany, GA
- Work as part of a small team as well as individually to ensure customer satisfaction in the state of their lawns. Cutting grass, trimming hedges, pressure washing driveways, operating the weed-wacker, and overseeing small groups were responsibilities that I held at one time or another.
- This was might part time job throughout high school. The company was small and owned by a married couple, who eventually allowed me to oversee jobs.

PetSmart 11/2016 - 03/2019 Bather

- Location: Savannah, GA
- As a bather in the PetSmart Salon my job was to work individually to ensure customer satisfaction as well as looking after the well-being of their pet. This was done by communicating with the owner at check-in any clear issues you see (mattes, etc...) as well as asking questions to determine what the owner wants.
- Other responsibilities include multitasking to handle multiple dogs at once while answering phone calls, setting up appointments, handling walk-in nail appointments, and checking incoming appointments.

Finnicum Motors 06/2019 - 12/2019 Driver

- Location: Albany, GA

- Drivers are independent contractors hired to work in a team in order to move the company's stock between Finnicum locations, to and from other dealerships, and to deliver to customers. The stresses of this job were nominal apart from the natural stresses incurred in driving, but as a result so were the skills developed in this time. The things I did learn/employ were maintaining interpersonal relationships with coworkers whose outlook was vastly from my own, teamwork, and maintaining focus over a long time/distance.

EDUCATION

Georgia Southern University

2013 - 2022 Bachelor's of Science: Computer Science

- There was a break between 2016 and 2020 in which I worked various jobs

Georgia Southern University

2013 - 2022 Minor: English

- English was the first degree I pursued from 2013-2016

SKILLS

Multitasking/ Customer Service/ Python/ C++/ Java/ SQL/
WebSocket Development/ Robotics/ Computation/ Independent
Working/ Teamwork/ Experience with Agile/ Computer Architecture/
Problem Solving/ Technical Writing/ Data Analysis
